

HEAT & GLO™
No one builds a better fire

6000G
Direct Vent Gas Fireplace

6000G Specifications

MODEL	HEIGHT		FRONT WIDTH		BACK WIDTH		DEPTH		VIEWING AREA	Btu/Hour Input
	Actual	Framing	Actual	Framing	Actual	Framing	Actual	Framing		
6000G	38	38-1/2	41	42	28-1/2	42	21-1/2	22	36 x 24-3/4	18,200-30,000

Dimensions above are in inches. Reference dimensions only. We recommend measuring individual units at installation. Assumes the use of 1/2" Sheetrock. NOTE: Combustible material should not be installed over the face. Make sure you do NOT cover the decorative door opening.

Refer to installation manual for detailed specifications on installing this product. Heat & Glo reserves the right to update units periodically. The flame and ember appearance may vary based on the type of fuel burned and the venting configuration used. Pictures in this brochure are not a true representation of the fireplace and/or flames.

Overlap Fronts* Now our fronts and operable doors completely overlap surround materials, for the cleanest look yet. Plus, adjustable hinges allow for variations in thickness of surround materials up to 1". So when it comes to clean, beautiful design, nobody does it better.

- Optional 3-piece brick refractory kit
- Adjustable valve
- Multiple front options
- IntelliFire™ ignition system or standing pilot
- Wall control option
- Fan option

Limited Lifetime Warranty**

The strongest in the industry, Heat & Glo provides a limited lifetime warranty of the most important aspects: fiber logs, firebox and heat exchanger.

IntelliFire

Our exclusive, state-of-the-art IntelliFire ignition system reduces gas consumption and thermogenerator wear by providing a pilot flame only when needed. Also supplies a back-up battery system to run the fireplace during a power outage.

Healthy Hearth

Our direct vent fireplaces will not alter the quality of indoor room air in any way. The sealed combustion chamber draws in fresh air from outdoors and discards all combustion by-products back outside. Recognized by the American Lung Association Health House program as a Clean Air Choice.
